The Caitlin Brondolo Charitable Foundation is thankful as we reflect on the continued generosity of businesses, friends, and family. Through your support our foundation has grown and allowed us to provide for children in need.

Most importantly we continue to spread awareness about carbon monoxide poisoning while honoring the memory of our daughter, Caitlin Rose Brondolo.

November 12, 2011 the Caitlin Brondolo Foundation joined over 300 participants in the Carbon Monoxide Awareness Walk. The walk took place at Tropical Park in Miami and was organized by Vilma Perez, of Anthony's Light Foundation. Music, food, and health and safety booths were all part of the eventful day.

Our foundation placed yard signs along the walk that displayed carbon monoxide facts. The Caitlin Brondolo Foundation was proud to attend and help spread awareness about carbon monoxide poisoning. For more information visit www.anthonyslight.org
